

Hersteller /*Manufacturer:*

Baytek Industriesysteme GmbH
Breslauer Straße 2 a
D-85386 Eching / Germany

RoHS 2011/65/EU:

RoHS (Restriction of the use of certain Hazardous Substances) is the directive for restricting the use of certain hazardous substances in electrical and electronic equipment.

We confirm that our products are RoHS 2011/65/EU compliant according to the RoHS confirmation (<http://www.baytek.de/de/service>) download and that the following materials are not contained in our products in concentrations above the ones stipulated.

Lead (Pb)
Mercury (Hg)
Cadmium (Cd)
Hexavalent chrome (Cr VI)
Polybromated biphenyl (PBB)
Polybromated diphenylether (PentaBDE, octaBDE; decaBDE)
Perfluorooctane sulfonates (PFOS)

Baytek has considered the environmental compatibility of its newly developed products for a long time now. In order to comply with the European Directive mentioned above, RoHS compliant components were used for our products already in 2007.

In the future Baytek Industriesysteme GmbH will continue to adapt its product development to the latest directives and consider environment protection aspects.

REACH regulation (EG Nr. 1907/2006)

Baytek does adhere to the December 18, 2006 European Commission (EC) regulation 1907/2006 (REACH).

The products and purchases from its suppliers and uses in the production processes do not contain materials from the December 16, 2013 SVHC list (substances of very high concern) in a concentration of more than 0.1% mass.
